

Upper Etowah River Alliance

Press Release

Subject: Adopt-A-Stream Training

Date: May 23, 2009

Time: 9am-12 noon

Location: The Upper Etowah River Alliance Office, 180 McClure St., Canton, 30144

Cost: Free

Who: Any citizens or citizen groups that would like to learn how to evaluate and monitor the condition of a stream segment of their choice.

Info: Adopt-A-Stream is a State-wide program designed to train citizens to monitor streams physically, chemically and biologically. The data collected is uploaded to Google Earth and tracks the condition of the streams monitored throughout the State.

What: This training will include How to Get Started and Chemical Testing.

For more information and to sign up, call Lori Forrester at 770-355-6477. Class size is limited, so sign up early.
