ERIKA NELDNER | LEDGER-NEWS

Upper Etowah River Alliance Diane Minick presented the Canton City Council with a commendation for its help with the Jeanette Street project, which included fixing up a drain in the woods and installing swales and rain gardens along the road. Pictured, from left, are Councilman Jack Goodwin, City Manager Scott Wood, Minick, Mayor Gene Hobgood, City Attorney Bobby Dyer, Councilwoman Pat Tanner, Councilman Bill Bryan and Councilman John Beresford.

• heard from Upper Etowah River Alliance Director Diane Minick. She told the city council about the completion of the Jeanette Street project, which included installing swales and rain gardens to minimize flooding in the street. The river alliance also fixed the main drain up and removed debris to allow water to flow in slower. Minick also presented the city council, Public Works Director Dave Cangemi and City Engineer Celia Klardie each with commendations for their help in the project, which was funded by a federal grant;
